

# **Transportation: Intergovernmental Policy Advisory Group – Land Use Planning/Transportation Planning Subcommittee**

## Land Use/ Transportation Planning Subcommittee Purpose:

Develop a process for local governments to work together with NCDOT to improve coordination between Transportation Planning with Land Use planning.

Phase I focus will be:

- To develop policies, processes, and tools to be used in coordinating the selection and planning of school sites with transportation needs. To enhance working relationships, communications, coordination, and collaboration between local governments and the NCDOT.

Phase II focus will be:

- To build upon Phase I processes and expand into coordinating other land use and transportation planning activities .
